## FACTSHEET PROJECT CONSTRUCTION PHASE

**In this final phase you will bring your operation to life, completing your operation works and construction.**

If your project does not progress during this phase the conditions of the buy-back covenant may be actioned by EDQ.

### Activities to be undertaken in this phase include:

- 1** Complete your operational works approval (3 months+).
  - 2** Commence construction (timeline 12 months from settlement).
  - 3** Construction practical completion.
  - 4** Final step – release of buy-back covenant (timeline: 24–36 months following settlement).
- Note: EDQ to release covenant or action to buy-back clause if timeline for completion not met.*
